

first frame + prompt

The scene shows a ball with an arrow indicating its initial direction, and several empty target positions (hollow circles) on the right side. ...

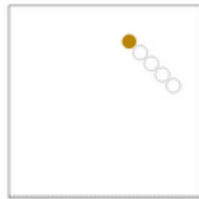

coding agent writes solve.py

sees only the frame and the prompt; renders the answer video with code

solve.py (Codex, G-35 hit-target-after-bounce, 67 lines)

```
gold = (a[:, :, 0] > 100) & (a[:, :, 0] < 230...
n, labels, stats, centroids = cv2.connect...
